**WE HELP
BRANDS
CONNECT
WITH
FAMILIES**

ABOUT US

We specialise in family brand activations that bring families through your doors – and keep them coming back.

We've helped big names like Changi Airport, Guzman y Gomez and Resorts World Sentosa, connect with families through events that don't just sell products – they create memories.

THE CHALLENGE

Retail footfall is dropping.

Customers are spending more time online.

But here's the thing: when you make your brand part of their weekend plans – when kids laugh, parents smile, and they feel supported – you're not just marketing.

You're building community and creating loyalty that ads cannot buy ❤️

OUR SOLUTION

We help run crowd-pulling family activations that make your spaces come alive.

- ✦ Fringe Activities
(Face & Hand Painting etc.)
- ✦ Slime & Craft Workshops
- ✦ Interactive Games & Photo Booths
- ✦ Seasonal Events (Halloween, Christmas, CNY & more)

I'll be sure to use you for our next event and recommend you to my contact.

Sincerest thanks again for the magical experience you created for our guests! Have an awesome week ahead!

Far and away the best party entertainment company we have used. The Photo Booth in particular is incredible! The people are friendly, professional and really work hard to make the event a great success. I'd give 6 stars if possible! Definitely recommend.

Magic painters did a fantastic job as were able to mobilise at short notice and were very flexible and friendly. would definitely recommend them and would use them again for sure.

It was the first time working with MagicPainters, but it had been a wonderful experience. Look forward to working with you again for future events!

Hi good evening. Thanks very much for arranging the team to come over for the face painting, balloon sculpting and photography. They are amazing! The kids love so much the face painting and balloon sculpting. Even some of the adults asked for the balloons.
